

Electronic RFID Lock

Non-Rental Unit Guidelines

The Racquet Club Owner's Association encourages homeowners to update their old entry door lock with an electronic Radio Frequency Identification (RFID) locking system. The keys for these locks are encoded with information which will track who has used the lock and what time it was operated offering Homeowners greater security and peace of mind. Please review the RFID electronic lock details below to see if this locking system is the right choice for you.

- The price of each RFID electronic lock is \$450 and can be purchased through the VRC Maintenance Department based on availability.
- The lock is installed by Vail Lock and Key for an additional cost.
- The entry door stile width must be 5 1/2" – 6" depending on the door in order to be compatible with the lock.
- Fiberglass cladding doors are preferred, but metal and wood doors will work.
- Batteries need to be replaced every year.
- Each unit will receive four owner key cards, free of charge. The keys are reissued every two years.
- Additional owner key cards are available Monday – Friday 9:00am – 5:00pm and cost is \$15 for the first key and \$5 for each additional.
- Guest of owner keys are not available on an individual basis.
- Owners renting on their own cannot use the front desk for key distribution.
